Everybody's Changing

```
I:
   C, C, Fmaj7, Fmaj7, Dmin7, G7, C, C
v:
      You say you wander your own land
      But when I think about it
                          C, C
      I don't see how you can
             Csus4
      You're aching, you're breaking
      And I can see the pain in your eyes
      Says everybody's changing
                          Am, Am
      And I don't know why
C:
       So little time
      Csus4
                   C
      Try to understand that I'm
      Trying to make a move just to stay in the game
                                      Α7
      \ensuremath{\mbox{I'm}} trying to stay awake and remember \ensuremath{\mbox{my}} name
      But everybody's changing
                                C, C, Em7, Em7, Em7, G7
      And I don't feel the same
```
