

# Hands Tied

**V:**     **G**  
Darling, darling darling,

**Bm**  
I`ll never understand

**Em**  
How sometimes

Just the way you look at me

**Am**  
Can tear my heart

**Bm**  
But then again

**V:**     Darling, darling, darling  
Don` t look across the room  
Cuz you might catch me looking at you  
Should we know what to say  
Or what to do

**B:**     **C**  
So hold on

**Am**  
Don` t turn away

**C**  
There must be a hundred things

**Am**           **Bm**  
We forgot to say

**C:**     **G**  
How can we touch

**Em**  
With our hands tied

**G**  
When only you know

**Em**  
How much you keep me satisfied

**C**  
How can we explain?

**C**  
Locked up inside

**Am**   **Bm**  
With our hands tied?

**V:** Darling, darling, darling  
You think this love is blind  
Just remember each time you squeeze her hand you crush my heart  
Oh, You could just be  
Driving me out of my mind

**V:** Darling, darling, darling  
I'll never let it show  
As long as you go on leaving me  
I'll just fall apart each time you go

**B:** So hold on  
Don't take my heart away  
She may be one good reason to leave  
But I'm a hundred reasons to stay

**C:** How can we touch  
With our hands tied  
When only you know  
How much you keep me satisfied  
How can we explain?
